# LANDFORM LOTERIA!

Today we will be making Loteria cards based on your favorite landforms.

This will be a quiz grade!

Due 9/2 & 9/3!

# YOU WILL BE EVALUATED ON...

- Two REAL specific landforms. You may use your textbooks, library books, or electronic devices to look up your landform.
- The Longitude & Latitude of the landform must be written in the top left corner of the card.
- On the back of each card you must include how the landforms were created (internal, external, both). You must also include the country and continent where they are located.
- The landforms must be TRANSLATED into another language. The **language of the landforms location** would be best.
  - Example: *The Colorado River/ El rio Colorado*
- The artistry of your work. Effort is key.

# SPHERES OF THE EARTH
