- 5) You MUST include:

- **Geographic Information**

- Climate

- Any major environmental issues

- Capital city

- 1 important geographical feature (a mountain, a river, a body of water)

- **Political Systems**

- Type of government

- Ruler or leaders

- Are there any serious political problems or unrest?

- **Economic Systems**

- Agriculture & Industries

- Major natural resources

- GDP of entire country OR per capita

- **Social Information**

- Timeline of historical events. Include at least 3-4

- Literacy rate

- Languages spoken

- **Values/beliefs**

- Religions

- Religious tensions?

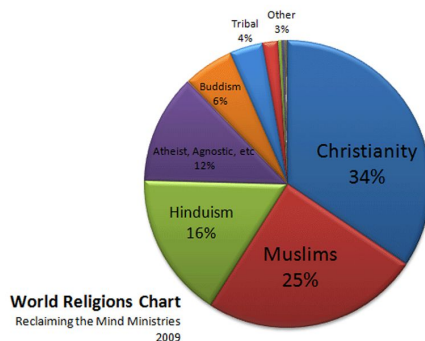

Steps For Creating Your Piktochart

- 1) Go to www.piktochart.com
- 2) Click 'Start now for free'
- 3) Create a new account with your email, Facebook, or Google+
- 4) Create an 'Infographic'
- 5) Choose from one of the free templates OR create your own

Tips

- **Tools-** where you will create maps and graphs.

Example: Use a graph to show percentage of religions or languages

- **Icons-** use common pictures to make your point more visual!

Example:

- ☐- Marriage Customs
- ☐- What types of industries exist
- ☐- Infant Mortality rate

- Using bullet points for a LIST is very helpful. Complete sentences are not required, as long as I can understand what you are talking about

Example: *Religions of India:*

- ☐ *Hinduism*
- ☐ *Buddhism*
